# Xenon

Pure, simple and bold

Xenon symbolises pure, simple form, without the distractions of the obscure and ornate. Xenon epitomises an ideal of longevity, which is function and form at its most pure.

A functionalist application of simple geometric form, bold and sculptural Xenon typifies the essence of minimalism without extraneous elements. Using only a small number of like shapes for design unity, a single object can become the focal point.

Befitting the contemporary design, Xenon offers numerous combinations of deck mounted and wall mounted shower and bath solutions to suit every conceivable installation in today's high technology world.

3 Hole wall mounted basin tap in stainless steel finish
