MANUFACTUR LEROU™

Manufactur Lerou is the specialised atelier which offers all bespoke made products and services. It manufactures unique pieces according to the wishes of the customer. For example it can reproduce old handles and fittings by artisan casting or in house forging. Furthermore Manufactur Lerou™ can realise hardware designed by the client in all our used metals and alloys e.g.: brass, bronze, iron, steel, stainless steel, Fine English Pewter, et cetera.

This department is able to personalise our products to the taste of the customer with e.g.: engraving, or all known finishes like gold plated and silver plated and lesser known as well.

Manufactur Lerou is het gespecialiseerde atelier dat alle op maat gemaakte producten en diensten aanbiedt. Het produceert unieke stukken naar de wensen van de klant. Het kan bv. oude krukken en beslag reproduceren door middel van vakkundig gieten of in huis smeden. Bovendien kan Manufactur Lerou beslag uitwerken ontworpen door de klant in alle door ons gebruikte metalen en legeringen bv. messing, brons, ijzer, staal, inox, Fine English Pewter, et cetera.

Deze afdeling is in staat onze producten te personaliseren naar de smaak van de klant met bv. gravures of al onze gekende afwerkingen zoals verguld en verzilverd alsook minder bekende oppervlaktes.
